June is National Homeownership Month

June is National Homeownership month, and the Bank of St Augustine will be participating as a member of the Independent Community Bankers of America (ICBA). The ICBA's message during National Homeownership Month is that there has been no breakdown in mortgage lending at community banks. They are stable, practical lenders. Generally speaking, community banks are financially fit and closely regulated institutions. When it comes to lending, they are interested in finding the option that is in the best interest of their customers and the communities they serve. Bank of St Augustine and other community banks are interested in helping a homebuyer purchase a home by finding them a mortgage that they can afford, and afford to keep.

Bank of St Augustine provides free consultations to get you on the right path to homeownership, or to determine if it is the right time for you to refinance an existing mortgage. For more information call 824-5600. Member FDIC, Equal Housing Lender

The Independent Community Bankers of America, the nation's voice for community banks, represents nearly 5,000 community banks of all sizes and charter types throughout the United States and is dedicated exclusively to representing the interests of the community banking industry and the communities and customers we serve.
